

## Your arrival to Lärchenhof

### *Coming from the Arlberg Pass*

Yellow – Route 1

Blue – Alternative Route 2

You can either use the yellow marked route 1, or the alternative route marked blue. Please be aware, that before entering the pedestrian zone you must open the road block „poller“ (written in pink on the map below). The poller can be opened by stopping your car approx. 1 meter in front of the road block, exit the car and find a grey box on the right-hand side. On the backside of the box, you can press the button for the road block to free the way. Drive along the pedestrian zone until you see a sports shop called „Napapiri“ – between Napapiri and the cash machine there is the entrance to our Lärchenhof back yard. You can park here for the duration of unloading your car – we can discuss further options for parking at the reception during check-in.

We are looking forward to welcome you with us and wish you a safe journey to St. Anton.

Christiane & Martina
